No. CV-18-00063-PHX-SMM

10              Plaintiff,

**ORDER**

11       v.

12       GPS Insight LLC, et al.,

13              Defendants.

14  
15       Before the Court is the parties' Motion to Continue Stipulation Date. (Doc. 208.)  
16       On January 29, 2020, the parties filed a Joint Notice of Settlement, stating therein, "the  
17       parties are presently finalizing written terms and will file a stipulation of dismissal with  
18       prejudice as soon as possible." (Doc. 205.) On January 30, 2020, the Court ordered the  
19       parties to file a stipulation to dismiss on or before February 28, 2020. (Doc. 206.) In the  
20       instant motion, the parties request to extend the deadline to file a stipulation to dismiss to  
21       March 30, 2020, due to "the number of individuals/entities whose final approval is  
22       required, and the complications of resolving two cases simultaneously."

23       After review and consideration, and good cause appearing, the Court will grant the  
24       parties' motion.

25       Accordingly,

26       **IT IS HEREBY ORDERED** granting the parties' Motion to Continue Stipulation  
27       Date. (Doc. 208.)

28       //

1           **IT IS FURTHER ORDERED** that the parties shall file a stipulation to dismiss on  
2 or before **March 30, 2020**.

3           Dated this 2nd day of March, 2020.
